If gently guarded by thy hand,
Placed in thy heart to cherish,
Called forth by virtues of the mind, 'I would never fade or perish. Although our meeting was too brief,

To leave on mind and heart The impress of that holy love Which never can depart, Yet when at close of weary day,

The heart from care is free, In evening's calm and quiet hour I think and dream of thee, And fondly wish that we might meet Mid Summer's glow again,

And by the rustic coltage gate Hold "converse sweet" as then. But in your heart you hold perhaps, No wish to meet with me;

And much I fear that "out of sight"
I'm "out of mind" to thee. Well, be it so. The world is wide, Some fond heart yet I'll find On which to lean: some band to guard 'Gainst the cold world unkind.

But when in weary years to come, Thy heart by memory's moved, Remember in the long ago." 'Tis you I might have loved Westfield, Sept. 30th, 1800.

Denver City Correspondence. DENVER CITY, J. T., Sept. 17th, 1859.

MR. EDITOR .- Some excitement still continues to exist here, in consequence of the sion to air and exercise, for which the physician has frequent depredations upon ranches in this vicinity, and since my last, one or two more of the desperados have expiated their crimes with their lives at the hands of the " Sorret Vigilance Committee." Such things will continue to exist until we are provided with some form of government. It is to be hoped that so soon as the Presidential election is over and things have quieted down a little, the man at the helm of the ship of state will turn, and that of Congress, some what to the wants of not only this Territory but all of the Western Territory now without a form of government; which is all they require to cause their speedy settlement. The present state of gubernatorial affairs here is the greatest draw-back this country has. Only give us a Territorial organization, and you will soon see a rich and well populated State added to the Union. We have little to hope for during the present Administration-but when Lincoln comes in as he undoubtedly will, it is to be hoped that the suplications of the Territories will be lis-

THE MINES.

The season is so for advanced that mining operations in the South Fork, and near the Snowy Range, have nearly ceased; but in Gregory's, Boulder, Gold Hill &c., the yield at present exceeds any other period this season. In fact they are paying better than they ever did before, with the present popualtion, which is not more than half what it was in June.

Much excitement existed here yesterday in consequence of the report being circulated that there was a nugget of gold, weighing Tenty-four Hundred Dollars, on exhibition at Clark & Grubers Bank. A vast number Fever and Ague have flocked to see it. Well there was the in all its forms lump sure enough. It was pure gold, and its value was \$2,400. The only trouble wa was it was a bogus nugget, having been man ufactured to order. It is well calculated to deceive, however, and, those who are not in iciated, now think it a genuine lump take from mother earth. The owner has gor to the States with it and no doubt but th press will make a great fuss over it.

MISCELLANEOUS ITEMS.

The census returns show a population 4,500 in Denver city. It is estimated the the population of the entire Territory exceed ed 100,000 in June and July; but of cours it is much less now, for thousands have re turned to the States. There is in Denver 85 buldings and about 250 in course of erection Dr. Stone, who was shot in a duel on th

7th of March last, still lingers in a critical cor dition. He has been in bed six months an over, unable to move. That he has survive so long is a wonder to all.

Witnesses have gone down to Leavenwort to attend the trial of James Gordon, the mur derer,-The Rev. Mr. Kalloch has renounce the ministry and commenced the practice law in the courts of Kansas. His first effo will be the defense of James Gordon, wh committed one of the most fiendish murde

The Western Stage Co., many years th Ohio Stage Co., have got a contract from government for the carrying of the U. S. mails to and from this place and St Joe. Another company have been carrying it in anticipation of getting the contract, but their bid was \$3. 000 over that of the W. S. Co.

There are three daily papers published in this city at present. One of them has come out Republican. The other two have not ex- COUGHS, COLDS, CROUP, INFLUENZA pressed themselves, but the sentiment of one is Douglas democrat and the other Breckin- LIVER AFFECTIONS, LIVER COMPLAINTS ridge. It is useless to advocate for either party as there are no party line drawn here PAIN & WEAKNESS OF THE BREAST and we have not the right of suffrage.

Business still continues dull. The market is well stocked with all kinds of goods. Vegetables are plenty, but bring fair prices. Watermelons sell from 25 cts to \$1 50. The

auction marts are doing the most business. The weather is cool-decidedly so at nights. A fire in the stove has been comfortable the past week. Now is the most pleasant season of the year to cross the plains.—
We had a light fall of snow with hail day before vesterd.» fore yesterday. A. E. P.

DOUGLASISM DEFINED .- A Douglas speak er at Syracuse was asked to define Mr. Dong las' position upon the slavery question. Said he: "Mr. Douglas beleives that if slavery may stay where she is, if she doesn't want to; subject to the decision of the Supreme Court. satisfactory by his audience.

An aperiont and stomachie preparation of IRON ourified of Oxygen and Carlon by combustion of Tydrogen. Sactioned by the highest Medical aulydrogen.

Hydrogen. Sectioned by the highest Medical authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise siekly complexions, in ticate its necessity in almost every conceivable case.

Innoxious in all meladies which it has been tried, it proves absolutely curable in each of the following cases, viz:

Debitty, Nervous affections, Emacation, Dyspepsin Constipation, Diarrhoa, Dysretry, Incipant Consump tion, Serofatous Tuberculosis, Salt Rheum, Mismen et nation, Whites, Chlorosis Liver Compounts, Chronic Headaches, Rhennatism, Intermittent Fevers, Pin

les on the Face, &c. In cases of General Debility, whether the result of neute disease, or the diminution of nervous and mus-cular energy from chronic complaints, one trial of this preparation has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhood save suddenly reappeared in the busy world as if just returned from a protracted travel in a distant land. Some very signal instances of this kind are attested by female sufferers, emaciated victims of apparent marasmus, sanguintous exhaustion, critical changes and that complication of nervous and dyspeptic aver

In Nervous affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of Iron must necessarily be salutary, for, un ike the old oxides, it is vigorously tonic, without he ing exciting or over heating; and gently, regularly aperient, even in the most obstinate cases of costive

ness, without ever being a gastric purgative, or in-flicting a disagreeable sensation.

It is this last property among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a dis net and specific action, by dispersing the local ten leney which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant costiveness. In unchecked Diverbon, even when advanced to

Dysentery, confirmed, emaciating and apparently maignant, the effects have been equally astonishing and decisive. In the local pains, loss of flesh and strength, debili-

tating cough, and remitting hectic which generally indicate Inceptent Consumption, this remedy has allayed the alarm of friends and physicians, in several rry gratifying and interesting instances. In Scrofulous Tuberculosis, this medicated fron has ind far more than the good effect of the most cauiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too attentively avited to this remedy and restorative, in the cases culturly afflicting them. In Rheumatism, both chronic and inflammatory-n the latter, however, more decidedly-it has been invariably well reported, both as alleviating the pain and reducing the swellings and stiffness of the joints

and muscles. In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its pro-cress in the new settlements of the West, will probbly be one of high renown and usefulness. No remedy has been discovered, in the whole his ory of medicine, which exerts such prompt, happy nd fully restorative effects. Good appetite, comete digestion, rapid acquisition of strongth, with a unusual disposition for active se, immediately follow its use. ractive and cheerful exer-Put up in neat flat meta, boxes containing 50 pills orice 50c, per lox; for sale by dealers and Truggists Will be sent to any address on receipt of price. Oxygenated Bitters! A SURE CURE FOR DYSPEPSIA!

-AND-All Diseases having their Origin in Imperfect Di-gestion or a Deranged condition of the Stomach.

There is no remeey known to be so efficacious in removing this general disease—this general prostration of the whole man, as the Oxygena ed Bitters.— They attack the disease in its citidal by reviving the sinking powers of the patient; by restoring lost ap petite, correcting acidity purifying and strengthen ing the gastric juice and rendering it capable of properly and thoroughly dissolving the food, thus forming beaithy chyme and chyle, and preparing the ab-sorbeets to take up the nourishment and carry it into the system, thus renovating the old and crazy machine by new modeling and purifying the whole mass of brood. In a word, it can be shown from hun-dreds of certificates from the most eminent and reliable persons, that there is no medicine calculated to your oil into the exhausted lamp of life like the avgenated Bitters. Let all then, when health begins to fail, when the

ue of this medicine until he tries it. JOHN D. PARK, Proprietor.

collection. Also, that the percentage be allowed on all paid previous to that time. J. C. WOOSTER. Pres. Attest, S. L. Boughton, Sec. 21w381

Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effec-tive antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints: -

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AP-FEUTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from Impurity of

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla. or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO. LOWELL, MASS.
Price, \$1 per Bottle; Six Bottles for \$5. Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been em-ployed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF Costiceness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralyia, as a Dinner Pill, and for Purifying the Blood. They are sugar-coated, so that the most sensi-tive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for \$1.00. Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named fur-

nish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be fol-lowed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand Ayen's, and take no others. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by Peck & Hamilton, Perrysburg, O. WAGON AND CARRIAGE SHOP THE subscriber would inform the farmers of Wood County, and others interested that he is furnished with a good stock of seasoned lumber and iron, and is prepared to manufacture wagons, bug-gles, &c., to order. SINGER'S SEWING MACHINES. Nalitheleading branches of manufacturing indus-try the great practical superiority of Singer's Sewing Machinesis a factestablished beyond dispute. No tallor, shoe manufacturer, clothier, seamstress, dress-maker suddler, carriage trimmer, hat manufac-turer, &c., &c. can afford to do without them.

One Thousand Dollars a Year
Is only a fair average of the actual profit from the use
of each one of these Machines and, for confirmation

of this trath, werefer to any one of the thousands of persons who use hem. They are adapted to every sort of work, fine or coarse upon silk, cotton, linen and woolen fabrics, also light and heavy leather. They neverfailto give entire satisfaction. To meet the growing demand for a smaller and more legant machine for private household purpos s, we

have just produced, and are ready to receive o' Singer's New Family Sewing Me aine, Which is the most compact and beautiful Sawing Machine everconstructed. It is ornamented in the high-est style of art, and all who see It are delighted withit. It makes the improved interlocked stitch, and is capable of doing a greater variety of work in better style than any other Sewing Machine ever offered for family pur-It is not subject to the objection of using twice too

nuch thread, and making a raveling seam, like the Grover & Baker; nor is it confined in its operation, to a few thinfabrics, liable to get out of order and un-, fitted to use flax thread, like the Wheeler & Wilson Ma chine; but is amply sufficient to performall kinds of family sewing.

Price of Family Machine with iron table complete for use, \$100. The larger standard machines, from \$125 to \$200. Send for I. M. Singer & Co.'s Gazette, a beautiful pictorial paper, devoted to Sewing Machines, and containing list of prices, and all other information on the subject. It will be forwarded gratis, I. M. SINGER & CO.
